

Six reasons to join the iPhone 13

01 **25% brighter outdoors**

So that the contents shine like never before in full sun. The OLED screen takes resolution and color to the extreme

02 **The greatest autonomy**

Up to 2.5 hours more battery life on iPhone 13. Up to 1.5 hours more battery life on iPhone 13 mini.³

03 **A revolutionary camera system**

The new CPU performance and efficiency cores. They can handle the most complex tasks without compromising battery life.

04 Power to play your games to the limit

The screen offers a refresh rate of up to 120 Hz, combined with the 5-core.

05 Selfies are out of the ordinary

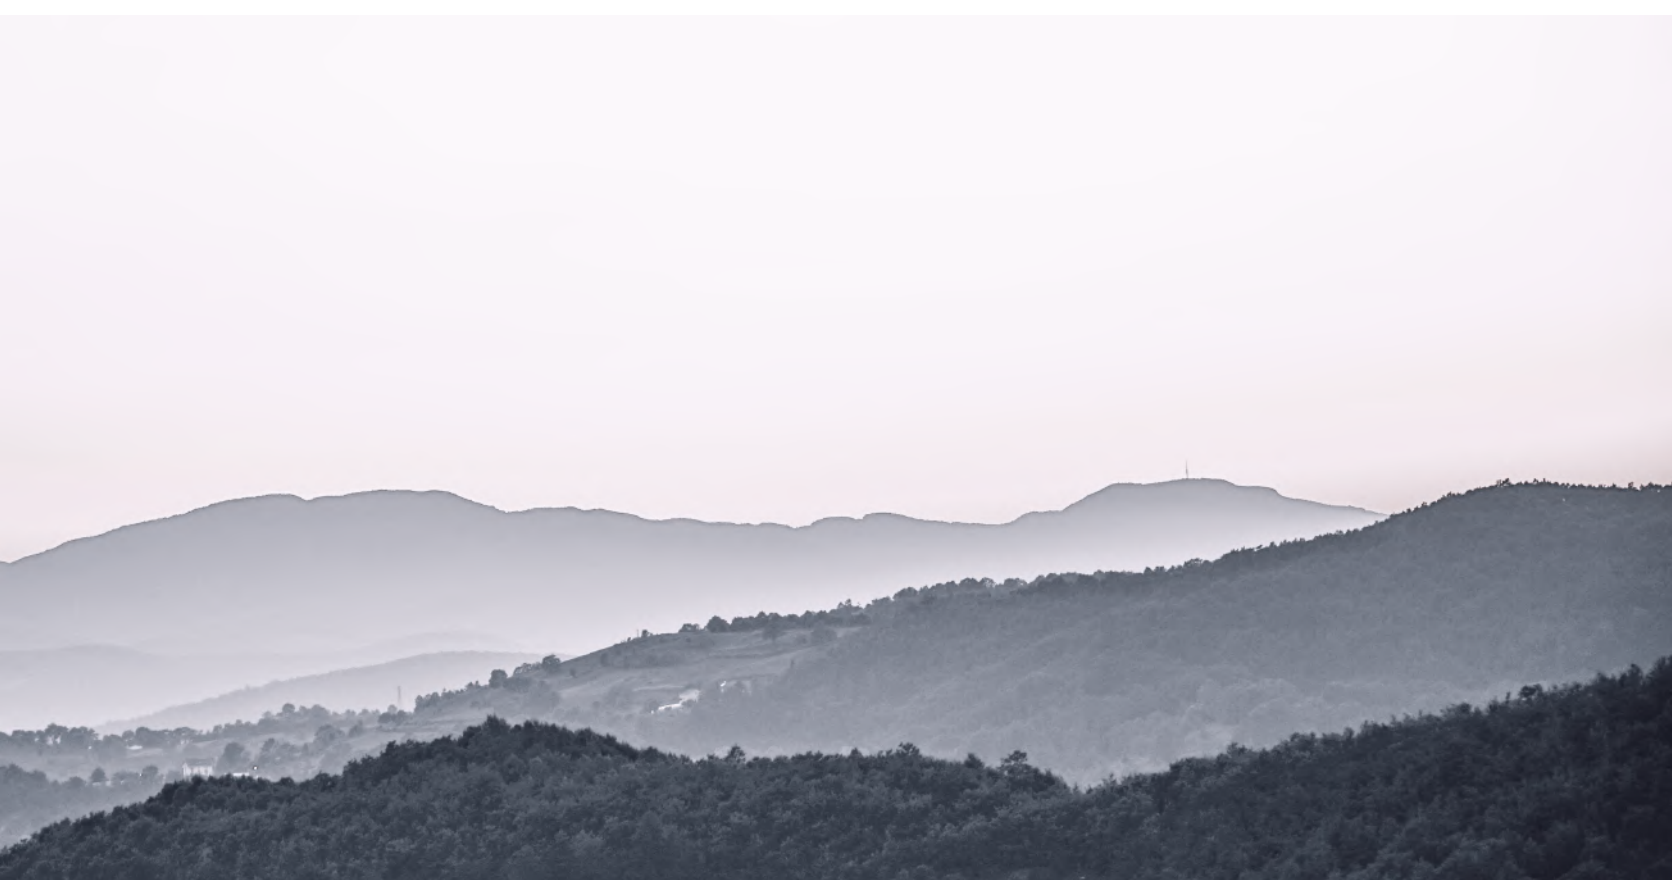

The A15 Bionic chip and TrueDepth camera make Face ID the most secure.

06 And most importantly, better for the planet

This year Apple has removed the plastic wrap from the case.
